

Appl. No. : 10/502,498
Filed : July 27, 2005

REMARKS

Claims 1-10 stand rejected under 35 U.S.C. Section 112 as failing to particularly point out and distinctly claim the subject matter of the invention. Claim 1 has been amended to specify an enclosed housing, clarify the feed/removal line connections, and exchange "flow deflection" with "flow deflector." In a telephone call from the Examiner on September 7, the Examiner's concerns were raised in a telephone call placed by the Examiner to the undersigned. In this telephone call, the Examiner indicated that the amendment above would resolve any indefiniteness issues.

It is respectfully submitted that the claims are now in condition for allowance.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
